

Advanced Resource Recycling

# Environmental Policy Statement

Advanced Resource Recycling seeks to conduct its business with a commitment to protecting the quality of the environment. To achieve this policy we are committed to the prevention of pollution and will at all times put in place waste minimisation processes.

We will strive for continual improvement of its environmental performance through systematic management practice.

To achieve this, The Company is committed to

- Comply with the requirements of ISO 14001 and other relevant Environmental legislations and obligations.
- Manage our diverse activities to prevent or minimise pollution and impacts on visual amenity, air, water, land, flora, fauna and cultural and heritage values
- Strive to improve resource consumption efficiency and minimise waste generation in our Services
- Investigate and implement mutually beneficial programs of environmental management with interested parties
- Ensure understanding of environmental requirements and implementation of standards among our employees, suppliers and contractors
- Set and review environmental objectives and targets
- Monitor and report our environmental progress, and
- Continue to improve our environmental management system and environmental performance.
